YURII BUHAI

JUNIOR PROGRAMMER

PERSONAL PROFILE

I am a student in Unit Factory, branch of French "School 42". My first language is C, second Python. Sense of my studying is making projects on C language, there is link to my Git. I do self studying a lot: watch lectures, webinars, read books. So, searching information on the Internet is common for me. Have experience with making Arduino projects.

My hobby is traveling, hiking, rock-climbing and now I working in a tourism company as a guide.

Good level of English. Have spent few months working in the USA, California.

ACADEMIC BACKGROUND

Transport-economic college
Repair and maintenance of cars and engines,
2011-2015

National Transport University
Repair and maintenance of cars and engines,
2015-2017
